

User Guide

Artificial Template Documentation

PS: You can modify codes on any HTML and CSS code editor. For example Notepad++

I marked with red where you will add your informations. If there is any problem don't hesitate contact with me. :)

1- Social icons – I marked red where you put your social media links. If you want to add new social media icons you can only write `<ion-icon name="logo-facebook"></ion-icon>`

```
<div class="top-container">
  <div class="social-media">
    <a href="#"><ion-icon name="logo-instagram"></ion-icon>
  </a>
    <a href="#"><ion-icon name="logo-youtube"></ion-icon>
  </a>
    <a href="#"><ion-icon name="logo-twitter"></ion-icon>
  </a>
  </div>
</div>
```

2- To chage Logo

```
<div class="top-nav">
  <header>
    </img>
  </header>
</div>
```

3- Main cover photo and social media links

```
<section id="home" style="background-image:url('assest/cover2.jpg');">
  <div class="inner-width">
    <div class="content">
      <div class="sm">
        <a href="#"><ion-icon name="logo-facebook"></ion-icon></a>
        <a href="#"><ion-icon name="logo-instagram"></ion-icon></a>
```

```

        <a href="#"><ion-icon name="logo-twitter"></ion-icon></a>
        <a href="#"><ion-icon name="logo-linkedin"></ion-icon></a>
    </div>
    <div class="buttons">
        <a href="#contact">Contact</a>
        <a href="#gallery">Gallery</a>
    </div>
</div>
</div>
</div>
</section>

```

4- To change and add your ability and skills

```

<!-- Skills-->
    <section id="skills">
        <div class="inner-width">
            <h1 class="section-title">Skills</h1>
            <div class="skills">
                <div class="skill">
                    <div class="skill-info">
                        <span>Photo Editing</span>
                        <span>90%</span>
                    </div>
                    <div class="skill-bar editing"></div>
                </div>

                <div class="skill">
                    <div class="skill-info">
                        <span>Social Networking</span>
                        <span>80%</span>
                    </div>
                    <div class="skill-bar networking"></div>
                </div>
            </div>
        </div>
    </section>

```

</div>

<div class="skill">

<div class="skill-info">

Marketing

80%

</div>

<div class="skill-bar marketing"></div>

</div>

<div class="skill">

<div class="skill-info">

Follow-Up

100%

</div>

<div class="skill-bar followup"></div>

</div>

<div class="skill">

<div class="skill-info">

Photoshop

80%

</div>

<div class="skill-bar photoshop"></div>

</div>

<div class="skill">

<div class="skill-info">

Art

80%

</div>

```
        <div class="skill-bar art"></div>
    </div>
```

```
</div>
```

```
</div>
```

```
</section>
```

```
<br><br>
```

```
<!-- End Skills-
```

5- Partners section. There will not be pictures on zip file . So You can add your photo of sponsor brands

```
<section id="partners" class="workbar">
```

```
    <div class="inner-width">
```

```
        <h1 class="section-title">Partners</h1>
```

```
        <div class="partners">
```

```
            <div class="partner-block">
```

```
                
```

```
            </img>
```

```
        </div>
```

```
        <div class="partner-block">
```

```
            
```

```
        </img>
```

```
</div>
```

```
<div class="partner-block">
```

```
    
```

```
</img>
```

```
</div>
```

```
<div class="partner-block">
```

```
    
```

```
</img>
```

6- Main section. You can add your photos on this main section:

```
<div class="main">
```

```
<div class="gallery">
  <div class="img">
    <a href="assest/photos/photo1.jpg">
      
    </a>
```

7- About section - You can write your bio between <p></p>

```
<section id="about">
```

```
  <div class="inner-width">
    <h1 class="section-title">About Me</h1>
    <div class="about-content">
      <div class="about-text">
```

<p>Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum</p>

8- Measurements- You can change title as you want. I add on website as example . I marked where you change on codes.

```
<section id="measurements">
```

```
  <div class="inner-width">
    <h1 class="section-title">Measurements</h1>
    <div class="time-line">
```

```
      <div class="block">
```

```
        <h4>Weight:</h4>
```

```
        <p>Lorem Ipsum is simply dummy text of the printing and typesetting industry.</p>
```

```
      </div>
```

```
      <div class="block">
```

```
        <h4>Arm-Length:</h4>
```

```
        <p>Lorem Ipsum is simply dummy text of the printing and typesetting industry.</p>
```

```
      </div>
```

```
      <div class="block">
```

<h4>Bust:</h4>

<p>Lorem Ipsum is simply dummy text of the printing and typesetting industry.</p>

</div>

<div class="block">

<h4>Waist:</h4>

<p>Lorem Ipsum is simply dummy text of the printing and typesetting industry.</p>

</div>

<div class="block">

<h4>Hip:</h4>

<p>Lorem Ipsum is simply dummy text of the printing and typesetting industry.</p>

</div>

<div class="block">

<h4>Leng Length:</h4>

<p>Lorem Ipsum is simply dummy text of the printing and typesetting industry.</p>

</div>

</div>

</div>

9- Contact Information .

<section id="contact">

<div class="inner-width">

<h1 class="section-title">Contact</h1>

<div class="contact-info">

<div class="item">

<ion-icon name="phone-portrait-outline"></ion-icon>

+00 555 555 555

</div>

<div class="item">

<ion-icon name="pencil-outline"></ion-icon>

email@adress.com

```

</div>

<div class="item">

    <ion-icon name="location-outline"></ion-icon>

    Germany

</div>

</div>

```

10- Footer CopyRight and social media . Social media icons same as top of website. You can add your website name on copyright side.

```

<div class="footer-container">

    <div class="left-col">

        

        <div class="social-media">

            <a href="#"><ion-icon name="logo-instagram"></ion-icon>

            </a>

            <a href="#"><ion-icon name="logo-youtube"></ion-icon>

            </a>

            <a href="#"><ion-icon name="logo-twitter"></ion-icon>

            </a>

```

```

<p class="rights-text">© 2020- Your Website Name. Created By EP All Rights Reserved</p>

```

11- Contact. Php . You have to fill with your informations . Your domain name and email address

```

<?php

$message = "";

if(empty($_POST['name']) || empty($_POST['email']) || empty($_POST['subject'])) {

    die('Please ensure name and email are provided. ');

}

$message .= <<<TEXT

    Name: {$_POST['name']}

    Email: {$_POST['name']}

    subject {$_POST['subject']}

```

TEXT;

`$to = 'test@testdomain.com';`

`$subject = 'You have been contacted!';`

`$from = 'Your website';`

`$fromEmail = 'yoursite@domain.com';`

`$header = 'From: ' . $from . '<' . $fromEmail . '>';`

`if(!mail($to, $subject, $message, $header)){`

`die('A Problem sending email.');`

`}else{`

`die('Thank you Message has been Sent!');`

`}`

`?>`
